CAP FLIGHTMANAGEMENT

CAPR 60-1, dated 3 May 2014, is supplemented as follows:

Paragraph 2-2(c). Flights may be made between wings within Middle East Region and to wings in other regions immediately adjoining one of the wings in Middle East Region provided the aircraft is not remaining overnight. Flights that require the aircraft to remain overnight (RON) will require the written authorization of an IC (during supervised missions) or the appropriate wing or higher commander prior to the flight.
